

BEGINNER BAND MEETING
THURSDAY, SEPTEMBER 24th
CONRADY JR. HIGH – 7:00 pm

This is just a reminder regarding the beginner band meeting which will be held on Thursday, September 24th at Conrady Jr. High School at 7:00 pm in the gym.

As was mentioned in the initial letter, a representative from Treble Clef Music will be on hand to explain the rental programs and their costs. Treble Clef Music, which has been servicing the District #117 program for many years, was selected from an extensive list of dealers for their availability of quality instruments, low rental prices and excellent repair service.

If you already have an instrument and would like to find out if it will be satisfactory for your child to play on, bring it to the meeting where the store representative will check it out free of charge. Also, through experience, I have found out the hard way that newspaper ads and deals that sound too good to be true usually involve instruments that are of little or no quality. They are made poorly and of sub-standard materials. Avoid them, or **INSIST** that your band director examine them first before purchasing. **Beware of buying instruments at discount and retail stores.**
