http://www.ancientegypt.co.uk/geography/home.html

Read through the introduction, then click on Explore, then click on each of the following maps and answer the questions.

Modern Political

What are the countries located around modern Egypt?

On which continent is Egypt located? Look it up!

Where is Egypt compared to Mesopotamia? Look it up!

Terrain

Look at the Terrain map. The different colors represent elevation, or how high the ground is above sea level. The darker colors and bumps on the map show where the land is higher.

Describe the terrain and elevation in ancient Egypt. Is it flat, mountainous, or both?

Geographical Features

Find and describe seven different geographical features using the map.

1.
2.
3.
4.
5.
6.
7.

Natural Resources

What is the definition of natural resources?

What kinds of natural resources did the ancient Egyptians have?

What natural resources didn’t they have?

How do you think this would affect ancient Egyptian civilization?

Archaeological Sites

Look at the key on this map to learn about the different archaeological sites. What do you notice about the location of the sites? What inferences can you make about ancient Egypt based on the location of these sites?
